

Blue Pearl Retreat

**April
11th-15th
2010**

Reiki Healing & Kundalini Yoga *in Exotic Bali* *with Faeng*

This unique 5-day retreat is intended to present you with options for exploring somatic (Kundalini Yoga) and energetic (Reiki energy healing) forms of facilitation.

Experiencing these healing arts together can be a deep nourishing and uplifting journey.

To add a flavor to this retreat, we will visit a respected local healer and an important temple of Bali, Besakih. Discovering our human potential is essential.

Nirarta,

set in a lush river valley of terraced-rice fields by the presence of the sacred mountain Gunung Agung to the east of Bali, is the location of our retreat.
